학부 2024 - 2027 교육과정	서울 부총장 (서울) 교육혁신처 창의융합 교육원 (대학 영어교육위원회)	<p>The Professional Academic English for students at Hanyang University focuses on the development of the oral and written communication skills, which are required in the globalized world community. The course aims to help students develop the competencies that are required in their future studies and career: professional knowledge, interpersonal and communicative competences. The course requires the students to develop creative problem solving skills. For this, the students perform various tasks by investigating and analyzing engineering topics as well as developing solutions. The students' communication and negotiation skills are systematically supported by language skill development such as learning academic forms and structures of the language that are used in formal oral presentations and essays. The expected course outcome is that students are able to write academic reports, participate in discussions and make oral presentations in English on their major topics. Throughout the course</p>	<p>The Professional Academic English for students at Hanyang University focuses on the development of the oral and written communication skills, which are required in the globalized world community. The course requires the students to develop creative problem solving skills. For this, the students perform various tasks by investigating and analyzing engineering topics as well as developing solutions. The students' communication and negotiation skills are systematically supported by language skill development such as learning academic forms and structures of the language that are used in formal oral presentations and essays. The expected course outcome is that students are able to write academic reports, participate in discussions and make oral presentations in English on their major topics. Throughout the course</p>	<p>Students will be able to:</p> <ol style="list-style-type: none"> 1. Plan, prepare, and presents on a topic relating to their majors 2. Present, demonstrating a proficiency of: <ol style="list-style-type: none"> a) Presentation Skills (eye contact, gestures, posture, voice) b) Language skills (explain charts/graphs, how to take questions, power of language) c) Visuals (PowerPoint and other visual aids) d) Teamwork <p>Writing Outcomes</p> <ol style="list-style-type: none"> 1. Students will be able to write a basic academic essay on a topic relating to their majors 2. Students will learn about: <ol style="list-style-type: none"> a) Structure of paragraphs and essays b) Principles of good writing (sentence & language variety, cohesion & coherence, using specific examples) c) Mechanics & formatting d) Research, plagiarism, and citation
